## TABLE OF CONTENTS

1.00

### RMVI Course Table Of Contents

- RMVI Course Content.
- Modules & It's Content.

1.01

### Setting Up Home Recording Studio

- Required Gear.
- Connecting Home Studio.

2.00

### Home Recording Studio Essentials

- Essential Gear.
- Recommendation.

3.00

### Musician & Producer Goals

- How To Plan A Musical Career.
- How To Set Golas.
- Goals Of Musician/Singer/Music Producer.
- What Are Studio Duties
- Traits Of A Successful Musician.

4.00

### The Basics Of Audio & Sound

- Sound & Sound Pressure Wave.
- Frequency Of A Sound.
- Amplitude Of A Sound.
- Wavelength.
- Speed Of A Sound.

# TABLE OF CONTENTS

5.00

## Analog & Digital

- Analog & Digital Audio Recording.
- Analog-Digital Converter (ADC).
- Digital To Analog Converter (DAC).
- Audio Bandwidth.
- Signal To Noise Ratio (SNR).
- Loss Of Quality.
- Playing Medium.

6.00

## Microphones

- Types Of Microphones.
- Condenser Microphone.
- Examples Of Condenser Microphones.
- Dynamic Microphones.
- Examples Of Condenser Microphones,
- Ribbon Microphone.
- Polar Pattern.
- Cardioid Polar Pattern
- Best Applications For Cardioid Microphones
- When Shouldn't You Use A Cardioid Microphone.

7.

## Logic Modules

- 7.00- Logic Pro Installation & Data Organisation.
- 7.01 - Logic Pro X Overview.
- 7.02 Logic Pro Terminology & Glossary.
- 7.03 - Logic Pro Key Commands.
- 7.04 - Logic Pro Interface.
- 7.05 - Signal Flow In Logic Pro.
- 7.06 - Before Recording In Logic Pro.
- 7.07 - Recording Techniques ( Vocals & Instruments).
- 7.08 - Recording Audio In Logic Pro.
- 7.09 - Editing In Logic Pro.
- 7.10 - Flex Pitch & Time In Logic Pro.
- 7.11 - Vocal Processing In Logic Pro.
- 7.12 - Mixing & Mastering In Logic Pro

# TABLE OF CONTENTS

## 7.00

### 7.00 - Installation Of Logic Pro X & Data Organisation

- A Musician Guide To Organize Data.
- Pre-Production.
- Workflow Speed.

## 7.01

### 7.01 - Logic Pro X Overview

- Logic Pro X Overview.
- Intro To Logic Pro X.

## 7.02

### 7.02 Logic Pro Terminology & Glossary

- Terminology.
- Tracks.
- Regions.
- Folder Tracks /Track Stacks.
- Play-Head.
- Multi-Track Recording.
- Patches
- Plug-ins (Fx).
- MIDI Effect (Fx) Plug-ins.
- Software Instrumen Effect (Fx) Plug-ins.
- Channel Strips.
- Auxiliary Channel Strips/Tracks.
- Output Channel Strip.
- Master Channel Strip.
- VCA Channel Strip.
- External MIDI Channel Strips.
- Presets.
- Hide/Unhide Tracks.
- Freeze/Un-Freeze Track
- Glossary (A- Z Abbreviations)

# TABLE OF CONTENTS

## 7.03

### 7.03 - Logic Pro Key Commands

- Logic Pro Key Commands.
- Creating Custom Key Command.
- Other Common Useful Tips & Tricks..

## 7.04

### 7.04 - Logic Pro Interface

- Creating An Audio Track.
- Creating A Guitar Track.
- Audio Input/Output Settings/Buffer Size.
- Other Essential Windows/Areas In Logic Pro.
- Inspector Window/Area.
- Mixer Window/Area.
- Smart Control Window/Area.
- Tracks Header Window/Area.
- Tracks Area/Main Workspace OR Working Area.
- Control Bar (Floating Window).
- Editor Window/Area (Hide & Show).
- Piano Roll Window/Area.
- Apple Loops Window/Area.
- Library Window/Area.
- Elements In All Windows/Areas.

## 7.05

### 7.05 - Signal Flow In Logic Pro

- Sound Source.
- Microphones.
- Pre-Amp.
- Digital Audio Workstation Input (DAW-I/P).
- DAW Computer.
- Analog To Digital Converter (ADC).
- Hard Disk/SSD.
- DAW Audio Track Faders (Input & Output Faders).
- DAW Audio Track PAN.
- Mono Playback System.
- Stereo Playback System.
- Mono Mix.
- Stereo Mix.

## 7.05

### 7.05 - Signal Flow In Logic Pro

- PAN.
- Phase Cancellation.
- Digital To Analog Converter (DAC).
- Master Fader.
- Headphone Amplifier.
- Headphone/Monitors (Final Out Put Stage).

## 7.06

### 7.06 - Before Recording In Logic Pro

- Steps To Follow Before Recording Audio.
- Audio Preferences.
- Configure Audio Devices With Logic Pro.
- Open Audio Devices Settings.
- Audio Input/Output Settings/Buffer Size.
- The Best Buffer Size For Recording Vocals.
- The Best Buffer Size For Recording Instruments.

## 7.07

### 7.07- Recording Techniques (Vocals & Instruments)

- Recording Techniques (Vocals/Instruments).
- Recording Precautions (Vocals/Instruments).
- Technical Graphic Representation Of Microphone Holding Position
- Practical Methods Of Recording The Vocals/Instruments.
- 3 Ways To Mic An Acoustic Guitar (Single Mic Techniques).
- How To Mic A Guitar Amp (Electric Guitar).
- How To Record Electric Guitar Using DI (Direct Input)
- How To Record Drum Machine/MIDI Keyboards Using DI (Direct Input)

# TABLE OF CONTENTS

## 7.08

### 7.08 - Recording Audio In Logic Pro

- Recording Vocals In Logic Pro.
- Open & Save the Vocal Template.
- Elements Of Vocal Template.
- Record Live Audio.
- Record Multiple Audio Tracks.
- Punch Recording.
- Autopunch Mode Recording.
- Recording With A Cycle.
- Recording Musical Instruments In Logic Pro (Electric Guitar)
- Open & Save Electric Guitar Template.
- Elements Of Electric Guitar Template.
- Recording Musical Instruments In Logic Pro (Acoustic Guitar)
- Open & Save Acoustic Guitar Tem Guitar Template.
- Elements Of Acoustic Guitar Template.

## 7.09

### 7.09 - Editing In Logic Pro

- Renaming And Colourizing Tracks And Regions.
- Soloing And Muting Tracks And Regions.
- Copy, Cut & Paste Regions.
- How To Glue (Join) Regions.
- How To Use Fade Tool (Fade In & Out).
- Zooming In/Out Regions.
- Zoom Tool.
- Waveform Zoom Button.
- Zoom In/Out (Vertical/Horizontal).
- Vertical/Horizontal Zoom Fixed.
- How To Import Audio Files.

# TABLE OF CONTENTS

## 7.10

### 7.10 - Flex Pitch & Time In Logic Pro

- What is Flex Pitch & Time Correction?
- Uses Of Flex Pitch.
- How To Use Of Flex Pitch In The Audio Track Editor.
- Overview Of Flex Pitch In The Audio Track Editor.
- Six Hot Spots (Small Circles).
- Editing Individual Note With Flex Pitch.
- How To Edit Timing With Flex Pitch.
- How To Split a Note.
- How To Merge Two or More Notes.
- Quantize The Pitch of One or More Notes.
- Saving & Bouncing Project.

## 7.11

### 7.11 - Vocal Processing In Logic Pro

- Step by Step to Vocal Processing.
- Adding A Additional Plug-In (FX).
- Selecting The Vocal Eddge Preset From The Menu.
- Adjust The Amount Of Reverb Plug-In (Space D).
- Vocal Processing Effects (FX).
  - Equalizer (EQ) Plug-In
  - Compressor Plug-In
  - Limiter Plug-In
  - Ensemble Plug-In
  - Space D (Reverb) Plug-In
  - Spreader Plug-In
- What Are Other Common Audio Effects.
  - Delay Plug-In
  - Tremolo Plug-In
  - Limiter Plug-In
  - Ensemble Plug-In
  - Space D (Reverb) Plug-In
  - Distortion Plug-In
  - Gain Plug-In
  - Noise Gate Plug-In
  - Auto FilterPlug-In
  - Pedal Board Plug-In
  - Amp Designer Plug-In

# TABLE OF CONTENTS

7.12

## 7.12 - Mixing & Mastering In Logic Pro

- What is Mixing?
- Mixing In Logic Pro.
- Adjust Logic Pro Settings For Mixing.
- Using The Ready Mixing Template.
- Importing Audio Tracks.
- Name, Colour & Group Tracks.
- Creating Markers.
- Mixing Volume Levels & Mixing Space.
- Phase Cancellation.
- Mixing Texture/Colour & Mixing Frequencies
- Balancing, Automation & Panning.
- Mastering With LogicPro Stock Presets.  
(Vocals/Instruments)

8.0

## 8.0 - Black Hole Setup (Streaming)

- Installing BlackHole.
- Stream Audio From Logic Pro X (To Zoom/FB/Insta/Skype).
- Skype / Zoom/FB/Insta Audio Setup.
- Logic Setup.

END

## RECORDING & MIXING (Vocals & Instruments) (RMVI)

### **Summary**

In this Recording and Mixing production course (Vocals & Instruments), you'll learn the essential skills and knowledge needed to create high-quality audio recordings. Topics will include studio setup, microphone techniques, signal processing, and the use of digital audio workstations (DAWs) and finally mixing & mastering.

You'll gain a deep understanding of the recording process, allowing you to produce professional-grade audio and pursue a career in the music industry or enhance your music hobby.

**Feel free to reach me on the Rajman - New Age Music Producers Tribe (NAMPT) Facebook community if you have any questions.**

**Recording & Mixing (Vocals & Instruments) (RMVI) Book covers the step-by-step process to create pro audio with 20 modules only for \$49.95 with lifetime access.**
